Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Discussed possibility of amending claims by combining limitations of claim 2 into claim 1. Attorney suggested 'reducing a risk...of...drivers overwriting firmware that...is being used by another...driver' is not disclosed by Kauffman's 'verifying the integrity of the firmware...' In reference to claim 9, Attorney suggested that Falik's disclosure: 'indication of whether the update data is valid...' is too broad for Applicant's limitation: 'verifying...if...firmware has been downloaded by another function...' Attorney may combine limitations of claims 1 and 9 into a new claim. If claims are amended, Examiner will search and reconsider.
